Policy Document on Clean and Green Campus

Introduction: A Green Campus is a place where environmental-friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind. A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

Mission: To create environmental consciousness among the society and actively involve in the activities to protect the environment for a sustainable, pollution-free and healthy life ahead.

Objectives

- To create awareness in students and staff to minimize the use of environment-friendly products and services.
- To inculcate the importance of cleanliness for a healthy life among student and staff.
- To aware students about environmental issues by organizing events like awareness campaigns, cleanliness drives, workshops, presentations, tree plantation drives, conference, etc.
- To manage waste generated in the Campus through proper disposal and segregation.
- To maintain ecological balance through agro-forestry and gardening.

Initiatives Taken to Implement the Clean and Green Campus Policy

The Institution is committed to managing its campus in accordance with its Clean and Green Campus Policy by establishing the following infrastructure and carrying out the following activities:

- Landscaping with Trees and Plants
- Ban on Single-Use Plastic
- Use of LED Bulbs/Tubes and Power Efficient Equipments
- Rainwater Harvesting
- Use of Solar Energy
- Paperless Office and Communication

- Solid Waste Management
- Laboratory liquid waste management system through percolation system:
- Display Boards to Promote Environmental Sensibility on College Campus
- Observance of Days to protect and Nurture Environment
- Green and Energy Audit

- **Landscaping with Trees and Plants**

As per the Clean and Green Policy of our College the college strives to plant various types of ornamental and medicinal variety, wild plant species of trees in large numbers within and outside the campus. The Vermicomposting Unit is also established in college premises. The tree-plantation drives are undertaken by the NSS unit on regular basis generally in the month of July/august every year.

- **Ban on Single-Use Plastic:**

The campus of our college is a plastic-free campus where there is a complete ban on single-use plastics in classrooms, laboratories, and in the other premises. Our staff encourage students to avoid the use of single use plastic.

- **Rainwater Harvesting:**

The college ensures rainwater conservation through rainwater harvesting. The rain water from the rooftop outlets and the overflowing rain water from these tanks is discharged in the soak-pits for groundwater recharge.

- **Use of Solar Energy:**

Installed 45 KW solar power plant to generate renewable energy, supplemented by energy-efficient LED lighting and appliances throughout campus.

- **Paperless Office and Communication:**

The college has a policy to minimize the use of paper in all types of official/academic communication of the college through E- Communication. The use of paper is substantially reduced through digitization. One-side blank pages are used to avoid wastage of paper. All the college staff have been provided the college E-mail IDs and through which they make all the required official and college-related communication. What's app – Class-wise groups, Department wise groups, Committee wise groups have been formed which have reduced the usage of paper in notices and circulars. and shared on the e-platform.

- **Solid waste Management**

The Solid waste generated in the campus is segregated as bio degradable and non-degradable and handed over to Udgir Municipal Corporation waste collection vehicle as a part of Swachh Bharat Abhiyan and ” for dry wastage disposal. Dustbins allotted at strategic locations in the college.

- **Chemical Waste Management:**

The chemical waste generated by Chemistry, Botany, Zoology, and Micro Biology is properly treated to ensure benign pH values for disposal in soak pits prepared at Dnyan Pandhari extended campus.

- **Vermicompost Unit**

Vermicompost Unit is established in the college premises. The organic waste material is collected from the college campus by the students to deposit it in the special vermicompost tank. Using cow dung, Earthworms the soil mixture is made with appropriate proportions.

- **E-waste Management**

Some of the electronic components from the discarded instruments, PCs, UPS, etc. such as transformers, transistors, ICs, Capacitors, Inductors, Resistors, Connectors, Sockets, Switches, Wires, etc. are reused if possible. Other e-waste material is disposed off by selling to a proper scrap dealer.

- **Observance of Days to Protect and Nurture Environment**

The organization of various events like Rallies, Awareness Campaigns, Cleanliness Drives, Tree Plantation Drives, Essay Competitions, Bird Watching Programs, Guest Lectures, etc. on the occasion of various days like- World Environment Day, World Earth Day, Mahatma Gandhi Jayanti etc. ensures to create awareness among young students and public about various environment related problems and conservation of Nature and natural resources in the surrounding area and educating on how to live a Eco-friendly life.

- **The Green, Environmental and Energy Audit**

The Green, Environmental and Energy Audit of the college is done by Kedar Khamitkar and Associated, Latur. The initiative regarding this is taken by the IQAC of the college.

=====

Plastic Ban Policy

Plastic pollution has become one of the biggest environmental concerns today. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Excess consumption of plastic has surpassed management of plastic waste and led to becoming a scourge to the planet. Plastic is a menace that impacts the environment as well as our health. This policy is an initiative to work to reduce and eliminate plastic pollution. The policy takes institutional efforts to actively contribute to the effort of banning the use of single-use plastics.

Ban of Single-Use Plastic

Shivaji Mahavidyalaya, Udgir bans single-use plastic in the campus. All the members of the Institute must strictly follow the plastic ban policy. By conducting campaigns and awareness programs let us join hands to frame a cleaner and greener environment bereft from harmful plastics. The policy mandates all stakeholders to adopt the following:

- Ban on the use of single-use plastics in college premises, hostel, and canteen.
- Organise workshops inside and outside the campus to create awareness on the harmful impacts of plastic.
- Strictly avoid bringing non-biodegradable items inside the campus.
- Use of alternative sources like switching over to cloth bags and providing drinking water facility to avoid plastic water bottles inside the campus.
- Waste generated should be segregated at the source and the segregated wastes should be sent to authorized waste processing centres or disposal facilities.

All events organized inside the campus should strictly follow plastic ban guidelines.

POLICY DOCUMENT FOR DIVYANGJANS

Divyang is a Hindi word meaning the one with a divine body. They should now be referred to as Divyang or Divyangjans. Hence through this policy, an attempt is made to connect with this class of population and give them an opportunity to become self-dependent and self-reliant. At this juncture, we feel that there is an imperative need for society at large to come forward and take the initiative to create awareness and also to participate in their development.

Purpose of this policy/Objective of this policy:

1. This policy is intended to help the differently abled students, hereafter mentioned as Divyangjans, to be aware of various facilities provided by the College and the easy accessibility of these facilities.
2. To ensure inclusion of Divyangjans in academic as well as other activities.
3. To make suitable arrangements for the safety, welfare and development of the Divyangjans.

The following are the Proposed Provisions:

A) Admission:

1. To provide counselling to Divyangjans on the types of courses they could study at the college.
2. To ensure admission of as many Divyangjans is possible through the open quota and all through the reservation meant for them.
3. To gather orders dealing with examination procedures, reservation policies, etc., about Divyangjans.
4. To assess the educational needs of Divyangjans enrolled in the college to determine the types of assistive devices to be procured.
5. To conduct awareness programmes for teachers of the college about the approaches to teaching, evaluation procedures, etc., which they should address in the case of Divyangjans.
6. To study the aptitude of Divyangjans and assist them in getting appropriate employment when desired by them after their studies.
7. To give separate access to counter service of the office administration.

B) Barrier-free environment and accessibility:

1. To make available barrier-free environment infrastructure by implementing effective and suitable measures wherever required.
2. Whenever suitable measures are not possible, human assistance shall be provided to Divyangjans.

C) Aids and Appliances with follow-up care and maintenance:

1. To provide assistive like lift, wheelchairs, handrails, and ramps-like facilities to facilitate easy access to classrooms.
2. To provide maintenance and easy access to such appliances on a regular basis.
3. To avail special help to Divyangjans in medical.

E) College Social Responsibility:

1. To encourage patronizing the products produced in workshops run by Divyangjans organisations.
2. To support in marketing, distribution, and selling of such products through sales outlets within college premises.
3. To coordinate with NGOs in specialized training offered to undertake activities for Divyangjans to develop a few skills in a sustainable manner.

F) Sports and Cultural Activity:

1. To encourage the participation of Divyangjans in sports, and cultural activities at intercollegiate, district, state or national level.
2. To identify the hidden potential in the Divyangjans through various intercollegiate events and motivate them to participate at various level programmes.
3. To provide free coaching or training along with counselling whenever needed.
